

ImageProcessor::DetectCircle
::processImage

```
graph LR; A[ImageProcessor::DetectCircle::processImage] --> B[ImageProcessor::AbstractImageProcessor];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'ImageProcessor::DetectCircle' on the top line and '::processImage' on the bottom line. A blue arrow points from the right side of this box to the left side of the right box. The right box is white with a black border and contains the text 'ImageProcessor::Abstract' on the top line, 'ImageProcessor::AbstractImage' on the second line, and 'Processor' on the third line.
